Active Safari Montage Content Packages

1. **K-8 Super Core Content Package (2015)** – 5,588 titles. Designed by our editorial staff to meet the core needs of a K-8 curriculum, the titles in this package come from the most highly acclaimed publishers, such as A&E Home Video, Ambrose Video, BBC, Disney Educational Productions, National Geographic, PBS, Scholastic, Weston Woods, WGBH and others, in addition to the award-winning programs from Schlessinger Media. The content covers the areas of Social Studies, Math, Science, Language Arts, Art & Music, Foreign Language Instruction, Physical Education, Health & Wellness, and more. Each title is correlated to Common Core and State Standards, and includes extensive, standardized metadata to ensure that teachers can find exactly the clips they need. All video titles have been segmented into chapters and key concepts, and many include a quiz. Schlessinger Media titles also include closed-captioning, a teacher’s guide and a Spanish language track.

2. **K-12 Super Core Content Package (2015)** – 7,893 titles. Produced by premier educational video publishers, titles in this package were hand-picked for their direct application to a K-12 curriculum. Subjects include Social Studies, Science, English Language Arts, Math, Health, World Languages, The Arts and more. Each title is correlated to Common Core and State Standards, and includes extensive, standardized metadata to ensure that teachers can find exactly the clips they need. All video titles have been segmented into chapters and key concepts, and many include a quiz. Schlessinger Media titles also include closed-captioning, a teacher’s guide and a Spanish language track.

3. **National Underground Railroad Freedom Center** – Grades 7-Adult. 29 thought-provoking programs which provide an in-depth look at the issues of the Underground Railroad, Slavery in America and the Civil Rights Movement, as well as related contemporary topics such as issues of race, human rights and community activism. The Freedom Center content correlates to state standards in Social Studies, American History, Civics and Global Issues.

4. **IRC: History Pictures Package** – Grades 7-12 (although many images appropriate for K-6.) Includes over 7,500 still images of a wide range of historical subjects in the areas of World History, Western Civilizations, and American History as well as 160+ primary source audio files. This package also includes an additional 1,200+ images and 50 primary source audio files specific to California.

6. **Digital Resources from NASA** – Grades K-12. Package includes images with 61 full-length and clip-length STEM video titles. These videos inspire and engage students, helping them see real world connections in the areas of science, technology, engineering and math.
7. **National Atlas of the United States Maps** – Grades K-12. Package includes 216 color maps of the United States, with general reference features such as boundaries, cities, capitals, major highways, rivers and lakes, and terrain.

8. **NOAA Weather Photos** – Grades K-12. The NOAA Weather Photos package includes 702 photographs of weather-related phenomena such as types of clouds and storms from the National Oceanic and Atmospheric Administration (NOAA).

9. **National Park Service Natural & Historical Digital Resources** – Grades K-12. Package includes 269 natural and historical resources from the National Park Service including 123 videos (10 hours), 123 PDF documents and 23 PowerPoint presentations.
